Summer Camps

*Le Rosey
Camps*

“What distinguishes Rosey from most schools is the freedom of choice we benefit from. We have the incredible chance to be able to choose from a myriad of opportunities which enables us to explore new areas or expand our interests. This freedom is very important because it is through our choices that we shape our own character. Le Rosey gives us the means to gather together the pieces of our personality but also to find the missing ones, and this is what makes it a ‘school for life’.”

Boriana, class of 2005

Le Rosey Camps offer the opportunity to experience a glimpse of the Rosey spirit, become more independent, forge lifelong friendships and of course, have fun in a short couple of weeks. A unique experience in true Rosey style!

Live in a truly international and multi-cultural environment, where swapping from one language to another becomes as easy as counting “one, two, three”. Enjoy the breathtaking scenery, whether by the lakeside or in the Swiss Alps with our wide range of sports and excursions. Develop your artistic talents, theatre skills and musical ability in Rolle at our futuristic Paul & Henri Carnal Hall.

LAKE GENEVA CAMPUS

In the town of Rolle, halfway between Geneva and Lausanne, the 14th-century *Château du Rosey* has served as the main campus for Le Rosey since its foundation in 1880.

Today, the Rolle campus includes over 15 different buildings, an impressive infrastructure that allows students to participate in a wide range of academic, sports and arts activities as well as offering boarding accommodation for 400 students and 200 teachers and staff.

The Paul & Henri Carnal Hall, the latest addition to Le Rosey, is a futuristic building bringing together music, theatre, the visual arts and gastronomy. All aimed to inspire our students' creativity. At its heart, a great concert hall for music and theatre.

GSTAAD MOUNTAIN CAMPUS

Since the winter of 1916 the entire school has moved up to the Alps for a term. Afternoons dedicated to the snow and winter sports, while the mornings are used to continue the regular school programme. The mountain campuses are in Gstaad and Schönried, both picturesque Swiss villages which are as beautiful in the winter as they are in the summer.

The style of the mountain campuses follows local tradition, with large Swiss chalets housing classrooms, dining halls, bedrooms and a number of multipurpose recreation areas. It is not uncommon in the summer to hear the cowbells ringing on a nearby farm. The facilities of the region allow our campers to participate in true mountain discovery adventures under the supervision of professionals.

Winter Camps

Le Rosey

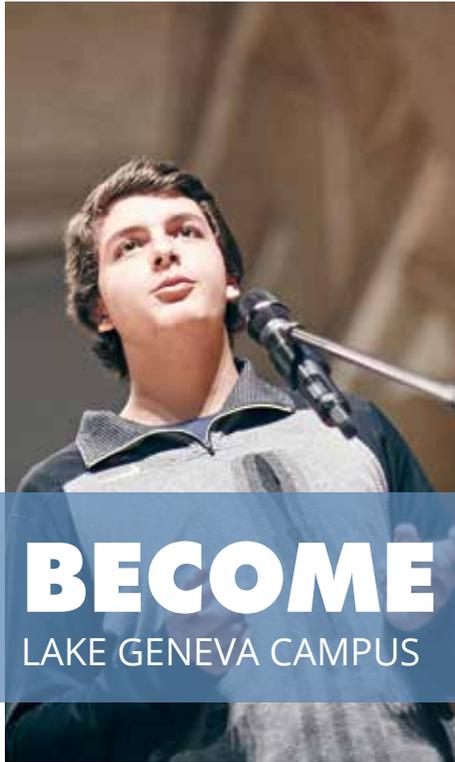

Become yourself!

A series of workshops, sports, activities and excursions that will teach you the skills needed to thrive in this demanding 21st century. Experience the Rosey spirit, discover what makes Switzerland special and meet friends from all over the globe in our main Lake Geneva Campus.

Take the opportunity to challenge yourself and as a result, get to know yourself better. Identify your strengths and learn how to address your weaknesses. From learning how to defend yourself physically, to giving a presentation in front of a large audience and even learning how to sing, these 2-week camps will be hard to forget!

BECOME YOURSELF

LAKE GENEVA CAMPUS

**JANUARY &
FEBRUARY**

2 WEEKS
12-16 YEARS OLD

Overcome obstacles, push your limits and gain self-confidence. Adolescents in today's world are expected to do more and more.

During the camp *Become Yourself* you will identify your strengths and learn how to overcome any weaknesses, so that you can become the best possible version of yourself.

The following activities are part of the programme:

- **Public speaking;** how to structure an argument, listen and be quick to respond
- **Self-defence;** how to react to a physical aggression on the street, a bully at school or a verbal aggression
- **Creativity;** using creative outlets as a communication channel, including singing, dance and improvisation
- **Excursions;** push your comfort zone, spend a night in an igloo, learn winter sports such as cross-country skiing, biathlon and curling
- **Social Media;** how to use it to your advantage, what to do and what not to do
- **Lifestyle;** making informed decisions, approaching social taboos and learning self-control

A team of qualified professionals with over 5 years of experience at the Rosey Camps will take care of you during the camp. Small groups will guarantee that in just two weeks you will really learn something.

At the end of the Camp, you will feel more sure of yourself, better prepared to make the best of every situation and respond to any environment, always more confident in your abilities and knowing how to respond to the challenges of today.

An exceptional camp in an exceptional environment!

SAT® PREP CAMP

LAKE GENEVA CAMPUS

JULY & AUGUST
4 OR 3 WEEKS
15-18 YEARS OLD

This camp is designed for students in the final 2 or 3 years of high school who would like to significantly improve their SAT scores (average increase: 350 points).

The curriculum - Mathematics, Reading, and Writing/Language - is academically demanding and you must already have a good level of English and be prepared to invest intellectual effort. Math and Verbal classes are grouped by ability, which optimizes personalization of strategy, content and class pacing.

The course is led by two American SAT experts who have taught over 3,500 SAT classes for Kaplan, The Princeton Review and Le Rosey.

Morning program

This intensive SAT course includes: 52 hours of classroom instruction and drills in all areas of the exam + 4 full-length SAT Practice Exams for a total of 70 hours of SAT preparation. Each student who follows this rigorous course will leave camp with: a comprehensive understanding of all three sections of the SAT; strategies and techniques to ace every question type; and more sophisticated SAT essay writing skills gained from personalized essay workshops.

Afternoon Sports & Arts

Upon enrolment you will be able to create your own program from 30 sports and arts options.

Evening activities and free time

A range of relaxing activities, pool games, themed events, discos, cultural events tailored for teenagers or free time for friends or homework.

Excursions and discovery trips

You will discover the wonders of Switzerland: mountain adventures, theme parks by the lake, hiking through magnificent natural landscapes, as well as excursions to cities and places of cultural interest or summer events.

Weekends

While some students may choose to leave campus in the

EXCELLENCE CAMP

MOUNTAINS & SEA

JULY
2 WEEKS
12-16 YEARS OLD

This exclusive 2-week camp is specially designed for some 10 fit, curious and adventurous students, fluent or native French/English speakers, with good discipline, self-sufficiency and a strong sense of team spirit. It combines a mountain adventure week followed by a week of offshore ocean navigation on board a sailing catamaran. The aims are to define and challenge your limits and to provide opportunities to show leadership skills, while living a thrilling emotion-filled experience. Achieve excellence together!

Mountain adventure week
You will discover trails in the Bernese and Wallis Alps, learn rock-climbing, cross obstacles, crevasses and glaciers.

You will work as part of a team while setting up and taking down a camp every day, and learn how to live in a community.

Most nights are spent in mountain refuges.

This is a unique opportunity to enjoy a superb adventure in the heart of the spectacular scenery of the Swiss Alps.

Some of the activities:
Rock climbing, rappelling, an ascent to 4000m, glacier walks using crampons, an introduction to orienteering and GPS navigation, hanging bridge (mega swing fixed under a bridge), nights in mountain huts, discovering Alpine flora and fauna...

Offshore navigation week
You will then fly from Geneva to join the sailing yacht Ipharra for a splendid cruise; the islands you will visit change every year.

You will learn how to handle a large yacht, using both engine and sails; practice sailing manoeuvres; learn how to calculate routes using maps and electronic navigation equipment; appreciate the importance of teamwork and mutual respect; and, of course, relax and enjoy water sports.

Some of the activities:
Sailing manoeuvres, maritime map reading, exploring islands, swimming, snorkelling, sea bob, water-skiing, wakeboarding, navigation using a laser sailing dinghy, kayaking...

The Ipharra yacht
Ipharra is a 34-metre catamaran sailboat built for offshore cruising. It is a secure, well-furnished, fast yacht which has 4 triple-berth

cabins with bathrooms for the students and 3 cabins housing the 5 crew members. Ipharra also has a classroom equipped with IT resources; a huge cockpit which serves as a dining room/meeting area and cinema; a reading room, and a flying deck used for marine observation, astronomy and sun bathing!

The yacht also has a dinghy used for exploration (Zodiac), a light Laser sailing boat used for sailing lessons; electric powered sea bobs (also used for exploration), snorkelling equipment, a kayak, water-skiing and wakeboarding equipment, not to mention all the usual modern security equipment - GSM and satellite communication and navigation systems.

*More information at:
www.ipharra.com*

Staff and teachers

During the Mountain Week you will be under the guidance and responsibility of a mountain-seasoned Le Rosey teacher, a professional mountain guide and a trained first-aider. During the offshore Sea Week, the Le Rosey teacher will accompany you along with the whole Ipharra crew: captain, mechanic, cook chef and steward.

Le Rosey spirit in 2, 3 or 4 weeks.
Swiss-made, of course.
